

The Hefner Zoology Museum reopened in October 2002 after an extensive renovation. It features seven entirely new exhibits as well as creative displays of some of the museum's most beloved collections. The exhibits emphasize, but are not limited to, animals of Southwest Ohio, past and present. A common theme resonates throughout the museum: Living things and the wild places they inhabit are spectacular and invaluable; let's do what we can to preserve them.

As a member of the Friends of the HZM, you'll receive notice of lectures and receptions, as well as a 10% discount on purchases made at our virtual store (conveniently located on our website, www.EnvironmentalEducationOhio.org). But you won't receive a free t-shirt, coffee mug, or other paraphernalia. That's because 100% of all membership fees go to support programs for children—programs that can help shape the future.

You can visit our website to take a virtual tour of the museum, but I invite you to come and see it for yourself. Bring your students, your family, and your friends! There is no admission fee. We are open year-round 9:00 am to 5:00 pm Monday through Friday, and 1:00 pm to 4:00 pm Sunday from September through May (when the university is in session). For more information, please call 513.529.4617.

Remember the past, touch the future: Become a Friend of the Hefner Zoology Museum!

Regards,

Dr. Don Kaufman, Director
