

2009

GREEN TEACHERS INSTITUTE

InteGreat Science

Sponsored by Miami University, Duke Energy,
and the Ohio Environmental Education Fund (OEEF)

Hello again! By now you're no doubt as excited about the fast-approaching workshop as we are. Before it begins we want to make you aware of a few things.

Please note that we will meet from **9:00 a.m. to 3:30 p.m.** each day. Bring your lunch and beverages each day.

We've enclosed the workshop roster — complete with phone numbers — in the hope that you will carpool to the workshop when possible. We've also enclosed a map to help you find Nagel Middle School.

Please be aware that there is a summer and a fall component to this course. One cannot be taken without the other. Both components require access to computers. For the summer, computers will be provided during the workshop day. For the fall component, you will need to have access to a computer with a projection system (LCD projector, Smartboard). It is also recommended that you have access to enough computers (computer lab or mobile laptop cart) to provide one for each two students during a unit of instruction.

A portion of both the summer and fall components involves creating and implementing an inquiry-based activity/unit online. Start thinking about a unit you would like to create or improve upon. Our goal is to help you integrate inquiry, hands-on learning, the Internet, and environmental connections into this activity/unit.

One more thing: *it is absolutely essential that you inform us if you are unable to participate so that we may accept the alternates on our waiting list.*

If you have questions, please contact Mike Wright at (513) 529-6084 or wrightmf@muohio.edu. As always, you can access important information (forms, maps, previous mailings, etc.) for this workshop by going to our website, www.EnvironmentalEducationOhio.org. Click the *GREEN Teachers* link at the top of the homepage and then click *Information for Current Workshop Participants*.

We'll see you at **9:00 a.m., Monday, June 22**, at Nagel Middle School, 1500 Nagel Road, Cincinnati — coffee, tea, and goodies will be waiting for you!

Sincerely,
The GREEN Teachers Institute staff
